THE FLOWER GARDEN 2010 BARE ROOT ROSE ORDER FORM TERMS OF BUSINESS

WHEN TO EXPECT DISPATCH Bare-rooted Roses are dispatched during June and July either by Australia Post or courier.

AVAILABILITY Roses take approximately 2 years to produce. It is very difficult for us to predict our customers' requirements over such a period. Occasionally a variety becomes sold out. Place orders early to avoid disappointment, or nominate a substitute on the order form.

PACKAGING Plants are wrapped in damp paper and plastic to retain moisture and sealed inside cardboard. They are able to remain within the cardboard for up to 2 weeks if necessary. When your rose arrives, unwrap and soak the roots overnight. It is important **not** to let the roots dry out, as damage at this time may result in the plant not growing away in the Spring.

ORDERS COLLECTED FROM THE NURSERY If you prefer to collect your Roses from the Nursery, please tick box provided below. We will telephone or email you when your order is ready for collection (if email, please enter details below).

MAIL ORDER Payment must accompany your Order. Cheque or Money Order made payable to The Flower Garden, or make use of our Credit Card facility by filling out your details in the space provided. Please see section below on 'Postage & Packaging' for freight costs.
