### *Exquisite Garden Features*

### *SPRING SALE*

### *New Opening Times, Map & Contact Details*

Welcome to our Summer newsletter.

Happy New Year to everyone from all of us here at the Flower Garden.

This is just a short note to inform you of some exciting new furniture ranges which have recently arrived or will be coming into store over the next few months. Our premium furniture brands Tribu, Gloster, Manutti and Vincent Sheppard continue to push the boundaries of outdoor furniture to a point where style and comfort is equal to indoor furniture. This is an ongoing development which blurs the line between in and out of the home. Most people designing a new home now consider their outdoor entertaining areas to be an integral part of their home. A prime example of this in-out philosophy is Tribu's beautiful Tosca sofa pictured below.

We are excited to announce that we will be stocking a fabulous new range of indoor tables and chairs from *Vincent Sheppard*, see details on page 5.

To help us accommodate all of this new stock we are having a sale from January 5th to the 16th. There are some amazing discounts on floor stock and end of run items, see the back page for more details.

Hope to see you soon at The Flower Garden.

TRIBÙ ILLUM DINING TABLE WHITE FRAME AND WHITE CERAMIC TOP WITH ILLUM CHAIRS

### Illum by Tribù

The Illum collection refers to the classical Scandinavian furniture archetypes, translated with updated materials for outdoors. Aluminium is used like sculpted wood throughout the collection, with smooth transitions from crisp to soft lines. Functionality is paramount for Illum, without compromising on comfort and class however. The soft-curving back support provides an inviting view and seating comfort. The table with its slim legs is kept pure and simple. An extra plus of the table is that it is available in two widths: the standard 98 cm or narrow version of 71 cm. Table tops are available in Teak or Ceramic. Ceramic is available in matching or contrasting colours to the frame, 3 colours are available.

### Tosca by Tribù New Wenge colourway 2017

The Tosca outdoor collection is warm and inviting, stylish and intriguing. Tribù for the first time called upon a female designer to create an outdoor furniture range with a more feminine touch. Monica Armani succeeded in her challenge : rounded forms, tapered legs and an elegant seating shell in powder coated stainless steel, upholstered with extra-wide braiding. The material for the braiding is genuinely innovative : foam mousse is encased in a seamless sheath of knitted textilene and polyolefine which makes the material weather-resistant, but also surprisingly soft to the touch. The seating comfort is especially pleasant, thanks to the comfortable outdoor cushions.

NEW 2017, TRIBÙ TOSCA OUTDOOR CLUB CHAIR AND SIDE TABLE IN WENGE

### Carver by Gloster

*This chic table design has legs that appear to have been sculpted from a solid block, similar to the way an artist can carve a picture into a piece of wood and create a unique piece. The table tops are available in a pumice coloured ceramic or beautiful teak slats with a buffed finish. The powder coat Aluminium frames are available in white or meteor (pictured). Carver tables come in 3 sizes 170cm, 220cm and 280cm all by 99cm wide. Gloster make a wide selection of dining chairs which are coordinated with the same colour ways to complement the tables*

### Bernard Teak Table by Vincent's Garden new 2016

*The stunning new Bernard tables from Vincent's Garden have a contemporary design. These tables are precisely crafted and constructed of solid, A grade, Indonesian plantation teak. No expense has been spared in the choice of the finest timber and construction methods, these tables are built to last a life time. The Bernard table is available in 3 sizes big enough to sit 8, 10 or up to 12 people with the large 3m size. They are available with a wide variety of chair designs to suit your needs*

our new web site

Our new web site is now up and running. The site has been completely redone in a more modern and user friendly way. Most of our new furniture products of which there are many have been loaded in the brands section, accessed by clicking in brands under outdoor furniture link on the site. Please be patient as we are still constructing the search by product section of the site.

## new sculpture

*Two beautiful New Sculptures have just arrived at The Flower Garden. They are both made from corrosion resistant Corten steel. Both would make a bold statement as a feature in any garden or home.*

*Visit soon to view more of our sculpture range.*

### Vincent Sheppard Oak Tables

Beautiful contemporary designs using fine grain European Solid Oak and steel. Not some throw away veneered composite board here. Sustainable, Hungarian, Solid Oak built to last. Most of these designs are available in a range of sizes and those with steel frames are available in white or black. The Oak is finished with a durable clear matt varnish.

Vincent sheppard produce a wide variety of complimentary chairs with matching Oak or Metal legs to coordinate with their tables. See them on display at The Flower Garden from mid January.

### Stay Cool Outdoors this Summer

We all love to live and entertain outdoors, but we cannot forget the harmful effects the Sun can have on our skin. At The Flower Garden, we stock an extensive range of stylish and beautifully engineered umbrellas designed to protect you and your family while enjoying your outdoor living space.

The Eclipse umbrellas are able to rotate 360° and have 2 tilt positions, offering protection from the sun for most of the day. It is easy to operate with just a turn of the handle to open and close, folding neatly back to the mast. Rotation feature is a simple one hand operation. Their frames are constructed of marine grade anodized aluminium for strength and low maintenance. The fabric shade canopy is made from premium grade solution dyed acrylic canvas available in 5 standard colours. There are sizes available from 2.7m to 4m with square and octagonal shapes. The whole umbrella can be easily removed for winter storage or an optional cover is available which covers both mast and canopy in one neat package. We have demonstration models on display at The Flower Garden, see for yourself what an effective shade solution they can be.

We have installed many of our side post umbrellas over swimming pools and outdoor entertainment areas. Our installation above at Mandalay featured two of our new 3.5m Eclipse umbrellas installed parallel to each other with a detachable gutter between them ( not pictured ). This created a shaded area of 3.5m wide x 7m long and prevents water runoff during rain between the umbrellas. If you need shade for your family please call.
